PROFESSIONAL SUMMARY

IAM Engineer and Full Stack Developer with 4+ years of experience designing secure, scalable identity ecosystems. Specializes in Okta, Auth0, SAML, SCIM, MFA, and Zero Trust architecture, backed by hands-on React and Node.js development. Experienced in enterprise migrations, SSO integrations, automation, identity proofing, and access controls across security-sensitive environments.

CORE SKILLS

Identity: Okta, Auth0, SAML, SCIM, SWA, MFA, OIDC, RBAC, Zero Trust | Development: JavaScript, TypeScript, React, Next.js, Node.js, Express, Tailwind CSS | Data & Cloud: MongoDB, MySQL, Prisma, AWS S3, Docker, CI/CD | Administration: Microsoft 365, Active Directory, macOS, Windows, technical support | Tools: Git, GitHub, Jira, Postman

PROFESSIONAL EXPERIENCE

IT System Administrator & IAM Engineer | ICT Inc., Remote via Upwork

Mar 2026 - Present

- Manage and improve Okta Identity Engine and Microsoft 365 environments across a 210-hour client engagement.
- Strengthen security protocols and streamline onboarding workflows to improve operational efficiency.
- Provide end-user support across business applications and deliver accountable, responsive, solution-oriented IAM and IT operations support.

CIAM Developer / Software Developer | Anthropic Identity, Kathmandu, Nepal

Jan 2025 - Jun 2025

- Deployed 100+ Okta SSO connections, reducing manual workflows by 40% and improving authentication efficiency.
- Automated SCIM provisioning for 1,000+ users and enforced MFA policies to strengthen security posture.
- Created 40+ IAM guides and reusable SAML/access-control templates, reducing support tickets by 30% and implementation time by 25%.

Developer | BeyondID, Kathmandu, Nepal

Mar 2023 - Sep 2024

- Developed IAM solutions with React, Node.js, and MongoDB, improving security and authentication processes by 35%.
- Resolved 100+ bugs, performed root-cause analysis, and reduced recurring issues by 40%.
- Used TypeScript, Express, Jira, and GitHub to improve delivery speed, reliability, and release quality.

Associate Software Developer | BeyondID, Kathmandu, Nepal

Jul 2021 - Feb 2023

- Built well-tested IAM applications with React and Node.js for SSO, identity proofing, and risk analysis.
- Resolved 100+ reported issues and collaborated across teams to improve stability, maintainability, and delivery speed.

SELECTED PROJECTS

Chaitanya Loksewa LMS Platform: Built the end-to-end React/Next.js frontend with Tailwind CSS and React Query, including learning modules, progress tracking, discussion forums, chat, responsive UI, and secure API integration.

Travel Booking Platform: Architected a Next.js 14 application with Okta OIDC, NextAuth.js, role-based controls, Prisma/MongoDB data modeling, Stripe Checkout, and webhook reconciliation.

Janakpur Art & Craft: Developed a secure e-commerce platform with Okta OIDC, RBAC, user lifecycle management, Stripe checkout, and administrative tooling.

BeyondID Integration Network: Researched and developed a greenfield identity assessment platform using Next.js, Tailwind CSS, Prisma, and MongoDB, including security model questionnaires and risk categorization workflows.

EDUCATION AND CERTIFICATIONS

B.Tech, Electronics & Communication Engineering | Maulana Azad National Institute of Technology, Bhopal | 2016 - 2020

Okta Certified Professional | Okta Certified Developer | Okta Certified Administrator | Okta Certified Consultant | Auth0 Consumer Application Prototype Champion

Recognition: FY2022 BeyondID Core Value Award - Growth Category
